

Board Charter

Document Description

The Board is responsible for the overall strategy, governance, performance and management of the Company. The Board delegates management of the Company to the CEO (working with the executive team), who report on a regular basis to the Board. The Board retains ultimate responsibility to shareholders for the Company's actions.

Role

The Board is responsible, and is accountable to shareholders, for managing Field Solutions' business. The Board delegates responsibility for day-to-day management of the Company to the CEO, but retains responsibility to shareholders for the overall strategy, governance and performance of the Company. In carrying out the responsibilities and powers set out in this Charter, the Board:

- a) recognises its overriding responsibility to act honestly, fairly, diligently and in accordance with the law in serving the interests of its shareholders; and
- b) recognises its duties and responsibilities to its employees, customers and the community.

Specific Responsibilities of the Board

In addition to matters it is expressly required by law to approve, the Board has the following specific responsibilities:

- a) appointment of the Chief Executive Officer and other senior executives and the determination of their terms and conditions including remuneration and termination;

- b) driving the strategic direction of the Company, ensuring appropriate resources are available to meet objectives and monitoring management's performance;
- c) reviewing and ratifying systems of risk management and internal compliance and control, codes of conduct and legal compliance;
- d) approving and monitoring the progress of major capital expenditure, capital management and significant acquisitions and divestitures;
- e) approving and monitoring the budget and the adequacy and integrity of financial and other reporting;
- f) approving the accounts;
- g) approving significant changes to the organisational structure;
- h) approving the issue of any shares, options, equity instruments or other securities in the Company;
- i) ensuring a high standard of corporate governance practice and regulatory compliance and promoting ethical and responsible decision making; and
- j) recommending to shareholders the appointment of the external auditor as and when their appointment or re-appointment is required to be approved by them.

Composition of the Board

The composition of the Board must be reviewed regularly to ensure the appropriate mix of skills and expertise is present to facilitate successful strategic direction.

In appointing new members to the Board, consideration is given to the ability of the appointee to contribute to the ongoing effectiveness of the Board, to exercise sound business judgement, to commit the necessary time to fulfil the requirements of the

role effectively and to contribute to the development of the strategic direction of the Company.

The majority of the Board should be comprised of non-executive Directors. Where practical, at least 50% of the Board will be independent. An independent Director is one who is independent of management and free from any business or other relationship, which could, or could reasonably be perceived to materially interfere with the exercise of independent judgement.

Directors are expected to bring their independent views and judgement to the Board and must declare immediately to the Board any potential or active conflicts of interest. The independence of the Directors should be regularly assessed by the Board in light of the interests disclosed by them.

Directors must declare immediately to the Board, and the Board will determine whether to declare to the market, any loss of independence.

No member of the Board may serve for more than three years or past the third annual general meeting following their appointment, whichever is the longer, without being re-elected by the shareholders.

Prior to the Board proposing re-election of non-executive Directors, their performance will be evaluated to ensure that they continue to contribute effectively to the Board.

The Board should comprise Directors with a mix of qualifications, experience and expertise which will assist the Board in fulfilling its responsibilities, as well as assisting the Company in achieving growth and delivering value to shareholders.

The Role of the Chair

The Chair should be an independent non-executive Director.

The Chair must be able to commit the time to discharge the role effectively.

The Chair is responsible for the leadership of the Board, ensuring it is effective, setting the agenda of the Board, conducting the Board meetings and conducting the shareholder meetings.

The Chair should facilitate the effective contribution of all Directors and promote constructive and respectful relations between Board members and management.

If the Chair is absent from a meeting of the Board then the Board shall appoint a Chair for that meeting.

Board Committees

To assist the Board in fulfilling its duties, the Board may establish committees, each with written terms of reference.

The charter of the Committees is approved by the Board and reviewed following any applicable regulatory changes.

The Board will ensure that the Committees are sufficiently funded to enable them to fulfil their roles and discharge their responsibilities.

Members of Committees are appointed by the Board. The Board may appoint additional Directors to Committees or remove and replace members of Committees by resolution.

The minutes of each Committee meeting shall be provided to the Board at the next occasion the Board meets following approval of the minutes of that Committee.

Board Meetings

There must be two Directors present at a meeting to constitute a quorum.

The Board will schedule formal Board meetings at least quarterly and hold additional meetings, as may be required.

Non-executive Directors may confer at scheduled times without management being present.

The minutes of each Board meeting shall be prepared by the Company Secretary, approved by the Chair and circulated to Directors after each meeting.

The Company Secretary shall distribute supporting papers for each meeting of the Board as far in advance as practicable.

Minutes of meetings must be approved at the next Board meeting.

The Company Secretary

When requested by the Board, the Company Secretary will facilitate the flow of information of the Board, between the Board and its Committees and between senior executives and non-executive Directors.

The Company Secretary is to facilitate the induction of new Directors.

The Company Secretary is to facilitate the implementation of Board policies and procedures.

The Company Secretary is to provide advice to the Board on corporate governance matters and law.

All Directors have access to the advice and services provided by the Company Secretary.

The Board has the responsibility for the appointment and removal of the Company Secretary.

Access to Advice

All Directors have unrestricted access to company records and information except where the Board determines that such access would be averse to the Company's interests.

All Directors may consult management and employees as required to enable them to discharge their duties as Directors.

The Board, Board Committees or individual Directors may seek independent external professional advice as considered necessary at the expense of the Company, subject to prior consultation with the Chair. A copy of any such advice received is made available to all members of the Board.

The Board's relationship with Management

The Board delegates responsibility for the day-to-day operations and administration of the Company to the Chief Executive Officer. In addition to formal reporting structures, members of the Board are encouraged to have direct communications with management and other employees within the Group to facilitate carrying out their duties as Directors.

Performance Review

The Board must conduct an annual performance review of its performance (whether with internal or external facilitators) that:

- a) compares the performance of the Board with the requirements of its Charter;
- b) critically reviews the mix of the Board; and
- c) suggests any amendments to the Charter as are deemed necessary or appropriate.

Disclosure Policy

The Board should ensure that the Company has in place effective disclosure policies and procedures so that shareholders and the financial market are fully informed to the extent required by the applicable disclosure rules and legislation on matters that may influence the share price of the Company or its securities.
